Director of Admissions & Scholarships, Sarah Richardson
- 9:15 Open Q&A forum

# What are supplemental scholarships?

Specific scholarships that students may be eligible for based on their intended major, background, or other criteria. This eligibility is specified by the donor of the scholarship fund.

# How do I know if I'm eligible?

You will be able to see everything you are eligible to apply for in your online student portal ([choose.creighton.edu/apply/status](https://choose.creighton.edu/apply/status)).

Only about 20% of students are eligible to apply for supplemental scholarships. Most of our students receive most of their merit-based aid from the scholarships that are awarded at the time of admission.
