The Benefits for Many

The establishment of a health and legal clinic at the Heart Ministry Center makes sense for all the right reasons!

For Creighton Students and Faculty

The Porto Clinic provides an interdisciplinary and holistic approach to care. It provides a venue for students and faculty from many disciplines to work together to provide care and services.

For the Heart Ministry Center

Heart Ministry Center has an established clientele that regularly receives ancillary services. The provision of health, legal and social services enhances the services already being provided.

The Heart Ministry Center is located at 22nd and Binney Streets, near Sacred Heart Church. The Center serves some of the city's poorest citizens with 30% of the households living under the poverty line.

Sponsored by the Creighton University Jesuit Community, in association with the Deglman Center for Ignatian Spirituality.
