

ALL THINGS IGNATIAN

Celebrating Mission at Creighton University

Encuentro Dominicano

Creighton's Premier Academic Service-Learning Program in the Dominican Republic

Encuentro Dominicano embodies the Jesuit mission of promoting justice, striving for excellence, and dedication to the truth. Encuentro centers around service-learning, exploration, and building community with fellow students and Dominicans – all while experiencing the rich and vibrant culture of the Dominican Republic.

CHALLENGE YOURSELF

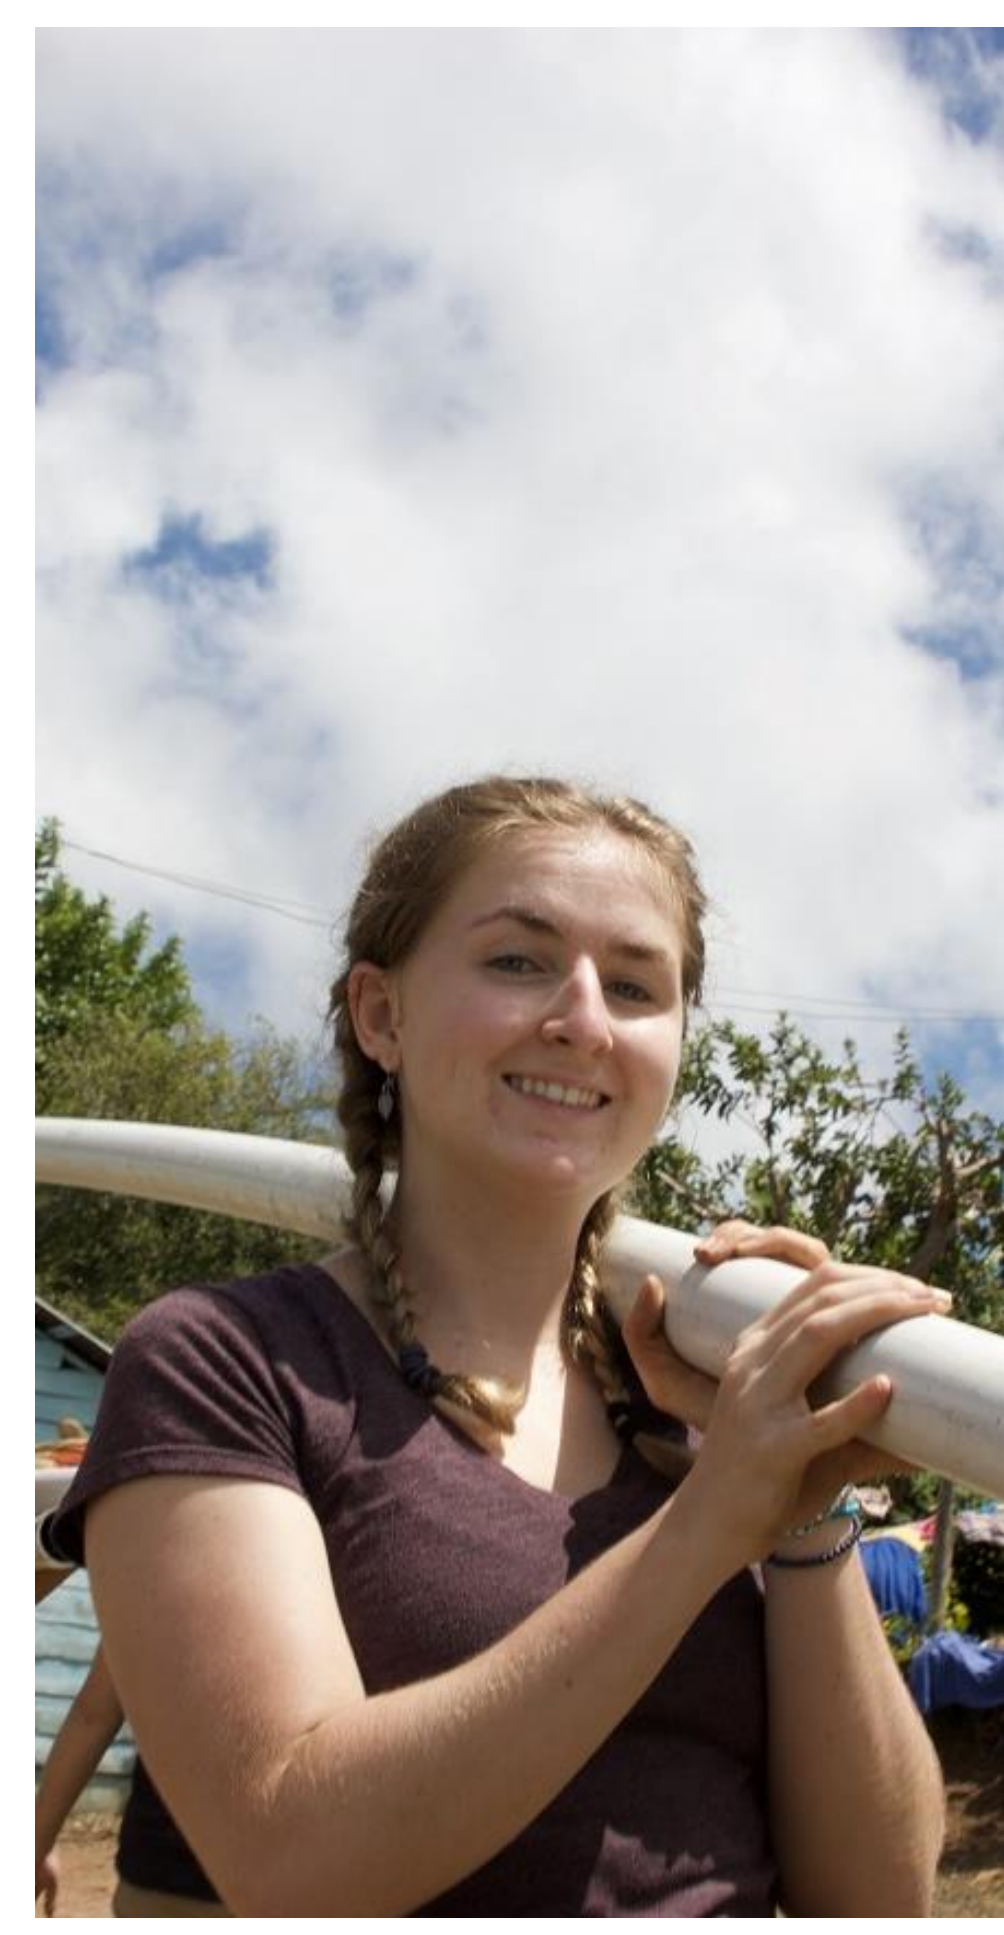

Encuentro Dominicano students enhance their academic learning and civic education through exposure to realities of the Dominican Republic in academic courses, immersions, social activities, and service.

LOVE OTHERS

Encuentro Dominicano students are opened to transformation through experiences with local Dominicans at the ILAC Center, service sites, and immersions in to rural campo communities throughout the academic semester.

BUILD COMMUNITY

Encuentro Dominicano students experience being in solidarity with people who are materially poor or marginalized and build community with their rural campo hosts, as well as with fellow Encuentro Dominicano students.
