What began as 2 groups of 6 Seniors in 2012 has grown to 10 plus groups of 8 Seniors yearly!

The Ignatian Wisdom Group concept has spread to all of Creighton's Professional Schools as well as other Jesuit Universities.

God is constantly dropping stones into the ponds of our lives.

They may be changed, and the pond itself is changed.

The foundation of Ignatian Spirituality is the "being awake" or aware of the stone-dropping experiences of our day and how these experiences are creating us.

"The unreflected life is not worth living."
