

Virtual Chemistry Seminars Creighton University

Fall 2020

September 17

Robert Batey, Ph.D.

Professor

University of Colorado at Boulder
Department of Biochemistry

**Structural and Mechanistic Studies of Bacterial
Riboswitches**

October 8

Trevor Douglas, Ph.D.

Earl Blough Professor

Indiana University
Department of Chemistry

**Directed Assembly of Virus-Based Nanoreactors Across
Multiple Lengthscales**

October 29

Candice Bridge, Ph.D.

Associate Professor

University of Central Florida
Department of Chemistry and the National
Center for Forensic Science

**Forensic Lubricants: Transforming Sexual Assault
Investigation**

September 24

Jennifer Giaccai, M.S.

Conservation Scientist & Ph.D. Candidate
Smithsonian Institute &
George Washington University

A Chemist in the Museum

October 22

Jiantao Guo, Ph.D.

Associate Professor

University of Nebraska - Lincoln
Department of Chemistry

**Genetic Code Engineering for Chemical and Synthetic
Biology Applications**

November 5

Alex Gundlach-Graham, Ph.D.

Assistant Professor

Iowa State University
Department of Chemistry

**High Throughput Quantitative Analysis of Diverse
Nanoparticles in Environmental Samples**

Hosted by Joel Destino, Ph.D.
